JUNE MEETING AT CEDAR MILLS

As I turned final to runway 25 at Cedar Mills I realized just how strong the wind was out of the south. I had to kick hard rudder to stay on the centerline after I descended below the tree line.

Another safe landing that I walked away from, but an even more interesting takeoff awaited me that afternoon. We had 18 members in attendance. I'm sure the wind conditions, and Fathers Day weekend played a big part in the low attendance. Those that did show up enjoyed a very good Mexican buffet. If you have never been to Cedar Mills the restaurant is excellent and highly recommended.

The next meeting will be at New Fairview Airport in Ken and Linda Robbins hangar on July 16th. Please see the calendar of events in this issue for times and directions. Hopefully the wind will calm and we will have more aircraft fly in.
